ABSTRACT

This research is to follow the objectives. To studying the attitude's teachers and students by using the central examination subjects. Suggestions and solutions to use the central examination subject of Mahachulalongkornrajavidyalaya University Phrae Campus in 6 parts. The central examination plan using, There are place and exam rooms, the central examination subject, exam preparation equipment the invigilator. exams Proceeding and exams Evaluation

The sample of research from teachers to using the central examination subject are 11 cases, students 433 cases but a sample of students of Mahachulalongkornrajavidyalaya University Phrae Campus are 208 cases.

A tool to use in the research is questionnaires by covering material in 6 parts. The statistics use the data analysis. Descriptive statistics are the Percentage(%) and Mean ($\bar{x}$)

The results of research:

The Teachers discuss with the using plan of the central examination of Mahachulalongkornrajavidyalaya University Phrae Campus. Phrae campus had meeting about planning the place and exam rooms which appropriate. The invigilators are

enough to exams proceeding . The students was honest while it was actualizing exams. The central examination is clear statement. Exams preparation equipment are enough , Exams evaluation is modern technology.However, there is a suggestion for improvement.Phrae Campus should frequently have the meeting before using the central examination subject.

Attitude's students to using the central examination subject. of Mahachulalongkornrajavidyalaya University Phrae Campus have found the preparation of the central examination subject ,place and exam rooms are comfortable. The central examination subject is appropriate to apply measures.Preparatory exams and the preparation for the exam or the invigilators are enough to exams proceeding . The invigilators are a great friend to the students. Assessment Test is quick and stylish. However, Phrae campus should improve synonymous teaching content and textbooks with the central examination subject.
