Abstract

This Research title has three Main Objectives, 1) to study An Educational Expectations of Students after Graduation Pali Level 7-9.2) To compare An Educational Expectations of Students after Graduation Pali Level 7-9 classified by status, age, year, academic standing in dhamma, academic standing in world and position 3) to study the suggestion about an Educational Expectations of Students after Graduation Pali Level 7-9. The samples of this study were comprised of 265 Pali students in Level 7-9 Bangkok Metropolitan Region 1. The instrument used for gathering data was five rating-scale questionnaire. The statistics used for data analysis were the percentage, mean, standard deviation. The hypothesis was tested by the t-test and one-way ANOVA and Scheffe' post hoc comparison method.

The research findings found that as follows :

1) An Educational Expectations of Students after Graduation Pali Level 7-9 Bangkok Metropolitan Region 1 in 5 aspects were overall at a medium level. There were composed from the most to the least as follows : An expectation of the progress in the work, An expectation of the respect of society, An expectation of the fundamentals of life, An expectation of the security of life and An expectation of The most successful of their lives.

2) A result of 5 Hypothesis test found that students with the difference of year. There were an expectation after graduation differently by statistically different 0.05 levels which met

to the assumptions that the students were the differences of year were different an expectation after graduation. Students with the difference of status, age, academic standing in dhamma, academic standing in world and position. There were an expectation after graduation differently by not statistically different 0.05 levels which were not met the assumptions that students with the difference of status, age, academic standing in dhamma, academic standing in world and position. There were an expectation after graduation differently.

3) The Suggestion For improving about An Educational Expectations of Students after Graduation Pali Level 7-9 Bangkok Metropolitan Region 1 found that students expect to have convenience in consumer goods for them, an expectation after graduation and leave the Buddhist monkhood they will study upper, an expectation after graduation will be given the opportunity to work in the ruling clergy, an expectation after graduation will be supported to work in the ruling clergy and an expectation after graduation to be a role in the ruling clergy.
